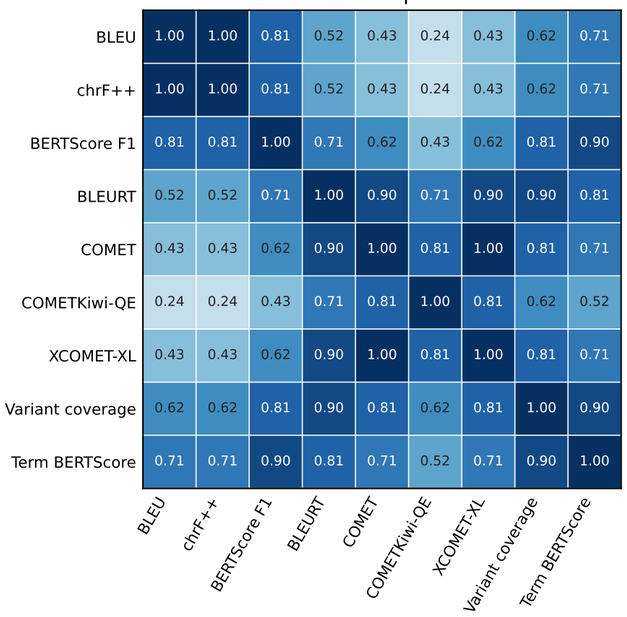
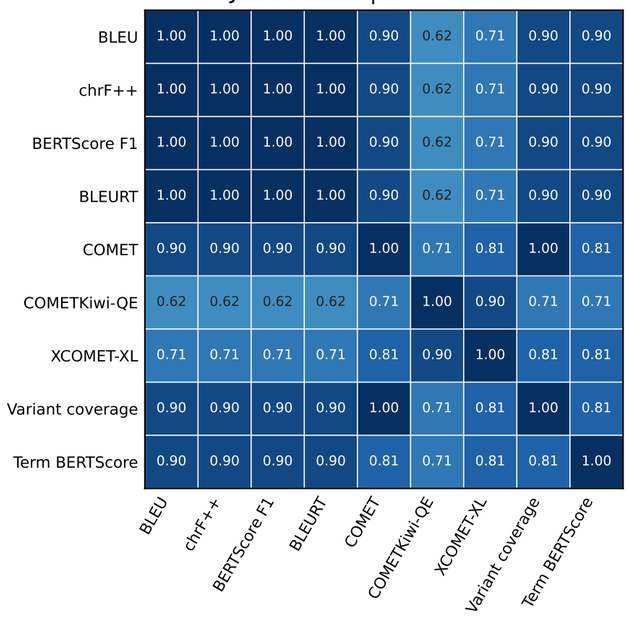
Model-Ranking Agreement | Few-Shot

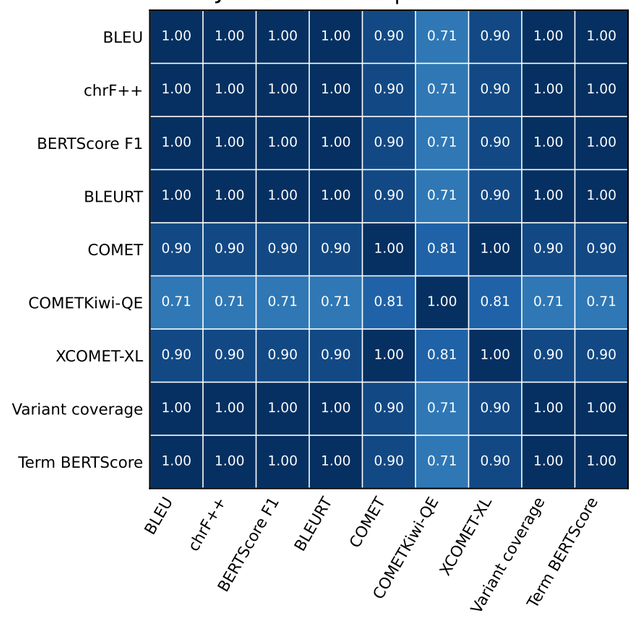
Chemical Patents | Kendall tau-b

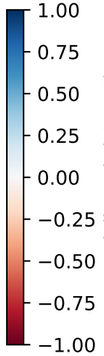


JRC Articles | Kendall tau-b

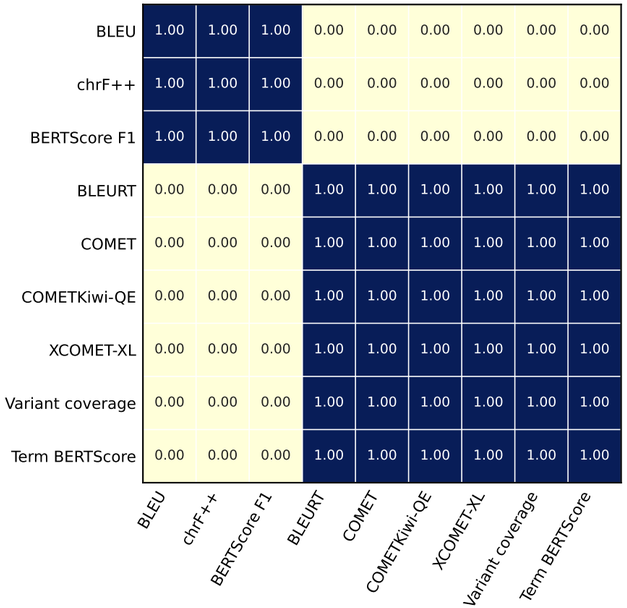


JRC Definitions | Kendall tau-b

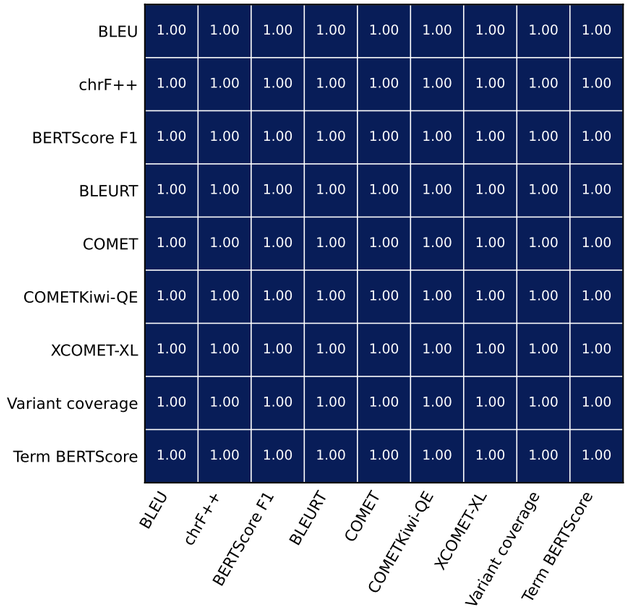




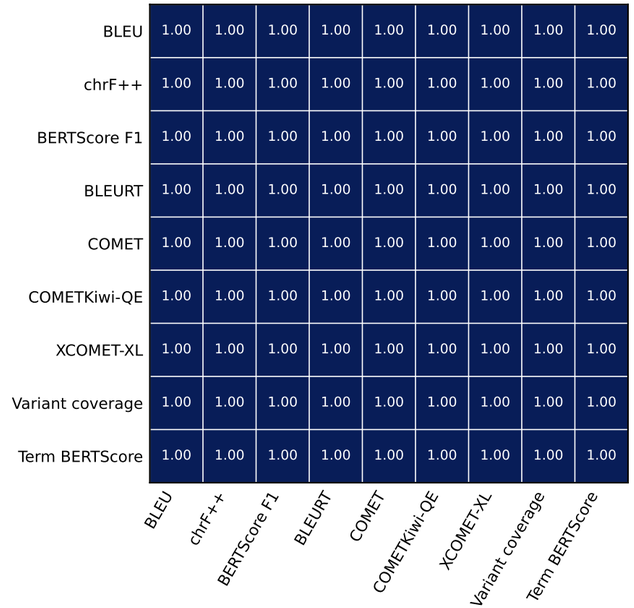
Chemical Patents | Top-model Jaccard overlap

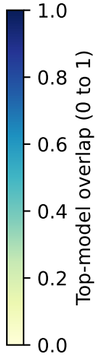


JRC Articles | Top-model Jaccard overlap



JRC Definitions | Top-model Jaccard overlap





All metrics are higher-is-better. Kendall tau-b handles ties. Top-model overlap is intersection / union of tied-best model sets; constant pairs are NA.
Luna LLM-enriched terminology; common directions for every selected model and both prompts. Equal direction weights within each model.
Pair-specific supports can differ. Row counts do not prove row identity. Descriptive associations, not significance tests.
